Dear Ladies and Gentlemen,

I, Mr. Kent Lee Stokes, prisoner in the Howard R. Young Correctional Institution, Wilmington, need the following information in which these things need to be stopped. I need Federal Law about the listed topics which are at the same time the complaints:

De.

- Rules for space in the cells for prisoners
 - Rules for going outside, especially in the wintertime
 - The medical treatment is bad
 - Library or getting books with educational content (History, Art...)
 - We have to drink contained water and have extreme temperature changes in the cells. Not enough cloths to protect for the cold
 - The inmates have trouble of getting their records
 - What is the task of Counselors in Prison?
 - Punishment in prisons by Correctional Officers
 - How should the police behave when on duty?
 - Informations on victims not showing up at court
 - Public Defenders have too many clients and see them only court appointed.
 - Inmates don't get their Rule 16
 - System don't allow to publish important informations for the inmates concerning their rights at the living quarters.
 - Filled out a 1983-form to dismiss the Public-Defender and I am now about to use the U.S. Department of Justice; U.S. Marshall-Service
 - Background informations about money spent on law-suits
- How Can I get in on it?

This is an urgent letter, I need this information
